

Safe, secure and Ethical IT recycling

Our **WEEE Recycling bins** are a tidy, convenient, safe and eco-friendly on-site solution that makes recycling waste electrical items easy and ensures that businesses are compliant with current GDPR and WEEE legislation.

The bin is a waterproof lockable container placed on your premises that you fill with waste electrical and electronic items for recycling and recovery.

Suitable for indoor or outdoor use, our **WEEE Bins** offer the complete solution for businesses in need of a simple way to dispose of their electrical and electronic waste.

Metal, Computers, Laptops, TFT monitors, cables, accessories: If it's electrical and fits throw it in.

We also ensure full data destruction of sensitive equipment including computer hard drives, servers, data tapes etc.

How the **WEEE Bin** Works

Using our **WEEE Bin** service couldn't be easier. All you have to do is simply follow these steps:

- Phone 01276-20916 to order your **WEEE Bin**.
- Your **WEEE Bin** is delivered straight to your premises.
- Fill your **WEEE Bin** with waste electrical and electronic items.
- When it's full, call us to arrange a collection.
- We'll collect your **WEEE Bin** and provide a replacement.
- We'll provide a waste transfer note.

SMS Recycling, Bridge Road, Camberley, Surrey, GU15 2QR. Company number: 02916173. VAT number: GB 641519056

Safe, Secure and Ethical IT recycling

What can I put in the bin?

*You can fill the **WEEE Bin** with any electrical items with the exception of fluorescent tubes, light bulbs, fridges and whiteboards. Items such as Flat-screen TVs are subject to our usual conditions and charges.

Please avoid packaging such as cardboard boxes, polystyrene, plastic bags etc. – this enables you to fit more in your **WEEE Bin**.

Lithium batteries are charged per KG, batteries will be weight measured at the secure facility, and a record will be sent to the service user.

What does it cost?

There is a one-off payment to set up the service and have your first **WEEE Bin** delivered, after that, we will collect and replace the **WEEE Bin**.

*If the collection does not contain 10 qualifying items it will be subject to our standard charge.

*If your **WEEE Bin** is damaged and requires replacement you will be charged £270 + VAT.

*If your **WEEE Bin** is contaminated with non-electrical items or items we can't accept there will be a cleaning charge of £85 + VAT.

WEEE bin details and cost:

1100L – (130cm high – 137cm wide – 112cm deep) £270 + VAT

Printers charged separately, at £9.99+VAT per printer.

Lith-Ion Batteries are charged separately and are to be stored separately. charged at £2.95+VAT Per KG.
